# PRESS RELEASE

## Focusing on Security: msg at it-sa 2015

**Munich, September 08, 2015. IT security knows no bounds, nor does it limit itself to a single industry - that is why at this year's it-sa, being held in Nuremberg from October 6th to 8th, msg will be sharing information about individualized and independent consulting for all the areas of IT and information security that companies and the public sector face. This year, the experienced consultants to well-known companies such as BMW and E.ON can be found at Booth 323 in Hall 12.**

it-sa, the IT Security Expo and Congress, is once again dedicated to IT and information security - topics msg has been advising on for various industries for years. The portfolio covers all key aspects of security and data protection: Corporate and application security, audits, secure hosting and training. Within that context, msg will be placing a special focus on security concepts, data protection, penetration tests and mobile security.

### **Certified Consulting and Certified Hosting**

The msg consultants are all experts in their field, certified under various standards, such as the ISO/IEC 27001 Lead Auditor and Certified Information Systems Security Professional (CISSP), for example. They offer know-how and experience that the public sector and many well-known companies, such as BMW, E.ON and HUK-COBURG, the Parliament of Saxony and the SWM utilities company, rely on. msg services ag, the subsidiary in charge of hosting, and its entire service spectrum for IT services are all ISO27001:2013-certified, from solution design to application services.

### **Contacts at the Expo**

The following people will be at your disposal for discussions and to answer your questions at this year's Expo:

- Bernhard Weber, IT security expert who focuses on application & infrastructure security, as well as security concepts and organization.
- Florian Stahl, expert in IT security management, security audits, data protection and IT risk management.
- Thomas Soens, expert in IT security and secure hosting.

089 210932-81 or by e-mail at [daniel.hardt@hotwirepr.com](mailto:daniel.hardt@hotwirepr.com).**

**msg**

msg is an independent, international group of companies with more than 5,000 employees around the world. The group of companies offers a holistic service spectrum of creative, strategic consulting and intelligent, sustainable and value-added IT solutions for the following industries: automotive, financial services, food, insurance, life science & healthcare, public sector, telecommunications & media, travel & logistics, as well as utilities, and has acquired an excellent reputation as an industry specialist during its more than 30 years in business.

Within the group, independent companies cover the wide variety of industry and issue-based competence: msg systems ag forms the core of the company group and works in close cooperation with the subsidiaries, both on a business and organizational level. This allows the competence, experience and know-how of all the members to be bundled into a holistic solution portfolio with measurable added value for its customers.

msg holds sixth place in the ranking of IT consulting and system integration companies in Germany.
